Pursuant to authority delegated by the commissioner of Patents under 35 USC 121 restriction is hereby required between the distinct inventions claimed in the present application and identified as follows.

- I Claims 1-4 directed to ligands
- II Claims 5-25 directed to compounds
- III Claims 26 and 27 directed to pharmaceutical composition

Accordingly, applicants are required to limit the application to one of the above distinct inventions. Applicants are further required to elect a single disclosed species for the purpose of examination.
